Things have to get worse before they can get better. The Student Union Building cluttered the campus for a while, but we will enjoy it upon completion.

# 1994 Higher Ground

Union University

Cindy Edwards posts the letters from home that brighten our days.

## Higher Ground

Union keeps pressing on the upward way, gaining new heights everyday! This year's theme might sound familiar to you. It is taken from the hymn "Higher Ground." And yes, Union is reaching "Higher Ground."

Union has added onto the Blasingame Academic Complex (BAC), built new dorms and constructed a beautiful Student Union Building.

Union strives for more than better bricks and mortar. New faculty and staff have become a part of the Union family. These additions and improvements are something to praise God about!

# Higher Ground

Union's "Higher Ground" goes higher than academic and materialistic standards. The world views higher ground as a mountain but it is a spiritual obstacle for the Christian. Union helps Christians to climb these spiritual mountains.

Union keeps the feet shod with the preparation of the gospel of peace. Chapel services steady the shield of faith to better fend off the fiery darts of the wicked. Student Ministries meetings sharpen the sword of the Spirit and fasten "the helmet of salvation." (Eph. 6:14-17)

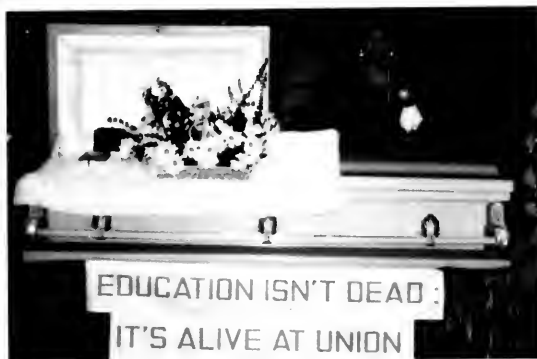

Union strives to help each student reach his/her own individual "Higher Ground" with all of these Biblical basics.

# Hanging Out

## Union Students Hang Out At A Variety Of Places On Campus

Natalie Van Eman and Rick Charles stop to pose while playing RISK.

hanging out is a favorite past time for students. Union students like to hang out in various places around the campus. This includes being in the library or studying with a group of friends. Other places to hang out include the recreation center, the commons, the halls, the cafeteria, and outside at the picnic tables. Sometimes where a person decides to hang out depends on their mood. Angela Bishop said, "I like to hang out in the recreation room during my violent moods so I can work out my frustrations on the video games. During my mellow moods, I like to sit in the hall, greet everyone, and spread my mellow-ness to others."

## Having Our Share Of Problems

Students at  
Union Face  
Several  
Problems  
Everyday

**1**ife at college presents many problems for students. Having to get up for an 8 o'clock class after staying up late the night before to study for a test is a common problem. Long lines in the cafeteria, crowds at the mailboxes, and meeting chapel requirements are problems that have to be faced everyday. Many students feel that they do not have time to study, attend class, and participate in extracurricular activities.

Problems also occur in the dorms. Roommates often disagree over matters such as tying up the phone, what

to watch on television, and what temperature to leave the air conditioner on. Freshman Michele Rohde stated, "Two of my roommates always like for the air conditioner to be set on 60, while my other roommate and I prefer the temperature to be a little warmer. We are constantly turning the thermostat up and down." Other problems include who will wash the dishes, mop the floors, and vacuum when it is time for room check. Managing to beat the gate closing before 11:55 causes stress for students returning late after a weekend at home.

The parking lot is also the cause of some minor problems throughout the school year. Students often have difficulty finding a parking place

that is close to their dorm and have a long walk to carry their luggage and packages from the car to their room. A close parking spot is coveted by drivers.

College life would not be the same if it were not for these tiny everyday problems. The day would be less interesting and not quite as enjoyable if it were not for these obstacles that make life harder to get through. Students tackle their problems head on and learn how to successfully manage their lives and cope with life's little mishaps.

# Money Matters

Money Is  
Spent And  
Earned To  
Help With Our  
Expenses

m

Money is an issue we all must face as we go through school. Questions always arise about having enough money to pay for school and do everything we want. Union solves part of the problem by sending us coupons every month in our mailboxes. These include cheap movies, pizza, free video rentals, and restaurant coupons. There are also those times when we go to our mailbox praying Mom sent us some money. We anxiously open the envelope, disregard the card or letter and look for money. Students face these situations hoping that through these trials we can get to that higher ground.

# Expressing Our Emotions

Life brings  
a mixture of  
emotions

College life at Union can bring about many different emotions in the life of its students such as happiness, sadness, nervousness, anxiety, excitement, and STRESS! Freshman especially may have a variety of emotions since they are away from home and on their own for possibly the first time. Dalila (Nucky) Borbon, a freshman from California, stated, "I was afraid of what my roommates and classes would be like, especially since I was so far away from home. But my roommates and I get along great and I love it at Union!" Going off to college is a big step in life and many realize the only thing they can do to get them through the good and bad times is to turn to God.

Sophomore emotions also may vary. Questions such as "What am I going to do with the rest of my life when I haven't decided on a major yet?" and "Where have my first two years of college gone?" run through their minds.

Juniors are getting closer and closer to graduation. "What classes do I have left to take?" is a question juniors ask as they worry about having all the credits necessary to be able to graduate the next year.

Seniors are on their way into the real world. This can be exciting but also a little bit scary. Seniors have to make the choice between finding a job and going on

to graduate school. Union offers job fairs and visits from seminary representatives to assist the seniors in making the right decisions.

No matter what decisions are made life goes on and so do we.

# Spending Time

Students spend their free time in several different ways

College offers students a lot of free time. This time is spent in a variety of ways. Since only a small amount of time is actually spent in the classroom, many students spend their free time studying. Sleeping and watching television are other favorite ways to pass the time. The more active students enjoy playing racquetball or tennis. For some, Jackson provides a way to spend their time. Students shop at the Old Hickory Mall or go to either the Regal or Malco theatre. Matthew Holmes said, "I spend my free time playing chess with Dr. Pinson, studying in my room or in the library."

## Making the Most Out of Classes

Classes make up  
an important part  
of college life

**S**ometimes students at Union get so caught up in college life that we forget our main purpose for being here is our classes. When we do forget, there are always professors there to help remind us by assigning a paper, project, or even giving a test.

When registration is finally completed and students have received most of the classes they want and need, then it is time to begin. The first day of class usually involves simply getting a syllabus and some-

times listening to the first lecture.

Because Union is a liberal arts college, there are several required courses. These range from Old and New Testament Survey to Arts and Western Civilization. This allows Union students to not only study directly for their major but also study things that will be useful to them in all areas of life.

Of course we go to class to learn, that is, if we are able to make it out of bed for 8:00 classes, but this is also a good place to meet new people. Of course, if one is sleeping in class,

he is not able to do this. So if you sleep in class think of all the people you might not be meeting! Not to mention the bits of knowledge you could be missing.

# Showing Spirit

## Students Show Spirit For Their School and Organizations

We like, we like ZETA!

g

o Bulldogs Go! Students show lots of spirit at athletic events and other functions on Union's campus. Spirit is shown not only at the games but also at events such as Campus Day and the Greek Olympics. Students are always ready to show their support for the teams, departmental clubs, and greek organizations they are involved in.

Sophomore Teri Abney stated, "School spirit is about being involved and taking pride in your school." Spirit is also very important to the athletes. Hearing the crowd cheer for them helps to keep the team's spirits up and boosts their morale.

## Campus Day 1993 Goes to Drier Ground

Greek Olympics are held indoors for the first time in years.

For the first time in years, it rained on Campus Day! Could you believe it? The last time it rained on Campus Day was nearly 20 years ago. But of course the rain never dampened our spirits. On Campus Day you could see red and white balloons, red and white posters, and red and white sweatshirts all over the place. And what exactly is this festive day anyway? Well this spirit-

filled occasion is a time when Union University is able to show their stuff to hundreds of prospective students. It is time for alumnae to return and see improvements made and meet with old friends. It is a time for organizations to compete to see who will be "number one" this year. However, it is most importantly, a time to show outsiders that Union is "number one" every year. Several events take place on Campus Day. The biggest event is the Greek Olympics.

For sororities and fraternities, there is a rush of adrenalin to be the best. The Greeks yell, paint their faces, wear bandannas on their head, and through all this, they express to prospective students what Greek life is about at Union.

**S**tudent Foundation helped seniors and potential transfer students complete cards on Campus Day which enabled them to receive more information about Union. They handed out catalogs, maps of the campus and gave some free advice on college experiences. Departments and clubs lined the halls with displays (some even had videotapes playing all day) which advertised their activities and responsibilities on Union's campus.

# Traveling On

"Campus recreation provides an outlet for the frustrations of college life."

Just a little sisterly competition

**t**he Campus Recreation program at Union is a success every year. SAC (Student Activities Council), CAT (Campus Activities Team), GAP (Greek Activities Panel), and the Outdoor Club are the organizations comprising campus recreation. They strive for unity among students by offering many fun and competitive activities throughout the year.

These clubs provide trips to baseball and basketball games, movie nights, Mr. Campus, and Fun Flicks. For the travelers, campus recreation sponsors a ski trip and a Bahamas cruise. So from cookouts to The Great Boat Race, students are showered with opportunities to relax and enjoy college life.

# College Life - More Than Studying

"Intramurals promote competition among each other and against each other."

-Peggy Smith,  
Union junior

Union students can always find something to do. Trips, aerobics, tournaments, and intramurals are just a few activities offered to everyone. On Tuesdays and Thursdays the small gym is packed with students seeking aerobic activity. For students who are busy then, water aerobics classes are offered on Mondays and Wednesdays.

Intramurals include many different sports which allow team competition between the Greeks and independents. All through the year students see signs in the hall announcing

the coming of friendly competition. Any type of tournament is popular at Union. This year the number of tournaments has increased. From table game tournaments to wallyball tournaments, students are getting involved.

Trips are usually a sell-out because of their fun, fellowship, and great escape from it all. The Chicago Bulls game in Memphis attracted many student's attention. Trips to St. Louis and Washington D.C. prove the van has traveled many miles this year. Not only do they offer fun get-a-ways, but this

year's trip to the space museum was spontaneous and educational. There is always variety when it comes to activities at Union. There is something for everyone.

# Night Fellowship

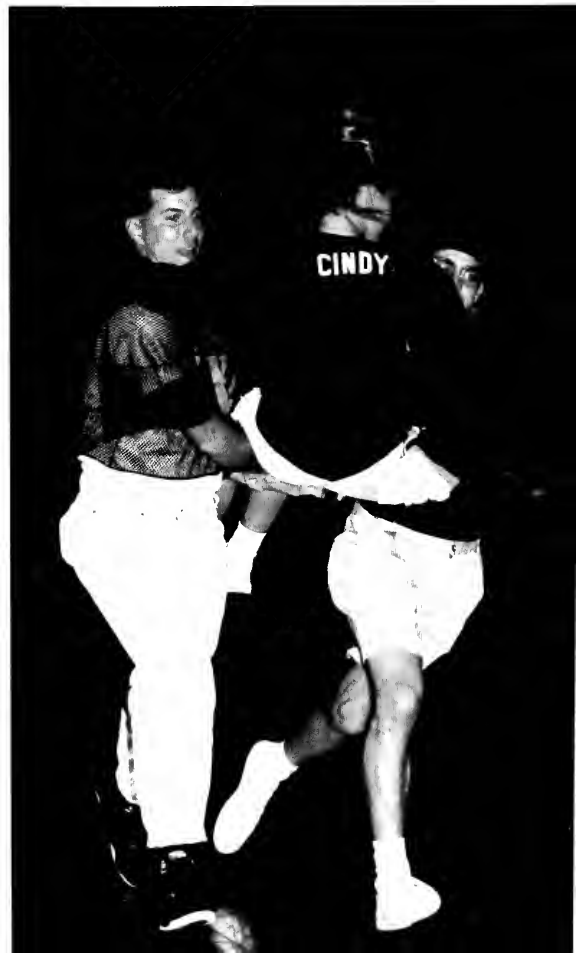

"SAC and CAT sponsor activities that unite the student body."

-Mike Amicone,  
Union senior

Movie nights have been a Union tradition for years. Several clubs sponsor movie nights because they are so successful in getting students involved. SAC and CAT are the fore-runners in sponsoring movie night. Whether on or off campus, students love movie nights for great Christian fellowship and for inexpensive dates.

## To Know Him and Make Him Known

BSU offers students many opportunities to get involved

**T**he Baptist Student Union is the channel for Christian Discipleship and fellowship at Union. It is composed of every Union student and is led by the Ministry Council. Bill Kisner is the Campus Minister.

BSU is made up of several smaller organizations. The ministry organizations are Baptist Young Women, Black Christian Fellowship, Fellowship of Christian Athletes, Ministerial Association and Youth Education, Music, and Missions Association.

The off-campus ministries in

include Backyard Bible Clubs, Nursing Home Ministry and Habitat For Humanity. On-campus ministries include Campus Worship Meetings, Discipleship Groups and Special Emphasis programs.

The special ministry teams of the BSU are the SONshine Puppet Ministry, Witness (vocal ensemble), Impact (drama team), Vision Clown Ministry, Hands For Jesus (sign language) and student led revival teams.

The BSU sponsored a week of chapels that emphasized the importance of the missions work sponsored by outside organizations

with groups witnessing all over the United States and the world.

Bill Kisner said, "We hope that the BSU will minister to the whole campus. And that ALL students will have a chance to minister through its programs. It's not just for Baptists!"

# On A Mission

## Mission Opportunities Await All Students

Who wants some cookies?

Union offers students several mission opportunities. The missions can be in the United States or in foreign countries. Local missions include working in soup kitchens, visiting nursing homes and raising money for world hunger. Students can be missionaries in Miami, Florida or Madagascar. The trips can be as long as the summer or as short as one week. Other special projects offer mission trips over Spring Break or for the January term.

Missions Emphasis Week was celebrated the week of October 25-29. During this week, students gave testimonies about their summer mission work at one of three chapel services.

# Plays On Campus

## The Play's the Thing!

Russ and Caleb talk over a few things.

The Union University Players provide entertainment for the campus as well as local patrons. Usually they deliver three plays each year.

In the fall, the cast performed "All My Sons". This spring the Union University Players chose to do another musical, "Galley Proof". They also performed "I Did Not Know That" during the spring to entertain local school children.

Cafe Espresso Bongo was a successful addition this year. Students, faculty, staff and community were allowed to share their favorite poetic readings, music and dramatizations with an admiring audience.

"Listen, you do like I did and you'll be all right."

## "All My Sons" a Great Success

The play takes a serious note and gives us a different way to look at our honesty.

Union University Players presented a stunning performance of "All My Sons" by Arthur Miller. November 11 through the 16 W. D. Powell theatre was packed with people to see the story of a family and how they dealt with honesty.

The drama is set in the post-World War II era. It takes place in the backyard of a family that is shattered by the father's desire to gain financial security. The play is known for having a very indepth theme. Director David Burke said, "It is a powerful drama which causes people to re-

flect. There is something very spiritual about this play." Arthur Miller won the Drama Critic's Award for Best New American Play in 1947 for "All My Sons."

The cast consisted of Russ Pflasterer, Christina Hobbs, Barrett Klausman, Joy Johnson, J. Noble, Mac Lower, Ellen McCroskey, Chris Bennett, Terri Fiegel, and Caleb Burke.

Opening night was followed by a reception that offered patron refreshments and the opportunity to meet the cast and crew. Three different pairs of English professors

gave question and answer sessions after the Friday, Saturday, and Sunday performances. Those participating were Dr. Louise Bentley, Mrs. Lillian Baggett, Mrs. Nancy Hurst, Dr. Barbara McMillin, Dr. Roger Stanley and Dr. Ernest Pinson. The professors spoke about the plot, theme, and writing style that Miller used.

**O**n November 6, Miss Union Carol Ann Caldwell crowned her successor Kasi Knott Miss Union 1994. She is from Bradford, Tennessee and a freshman business major. Knott sang "I Am Changing" for the talent competition. Her platform concerned the prevention of school violence through the use of extracurricular activities and sports.

The first runner-up in the pageant was Cathy Davidson. Other winners include Emily Matthews, second runner-up; Amy Alexander, third runner-up; and Jill Crotts, fourth runner-

up. The Beverly Williams Lewis Talent Award was presented to Emily Matthews. Vadessa Mason received the Miss Congeniality Award.

The participants in the pageant were Amy Alexander, freshman; Charlotte Bond, freshman; Jill Crotts, junior; Cathy Davidson, junior; Kasi Knott, freshman; Melanie Layne, freshman; Vadessa Mason, sophomore; Emily Matthews, freshman; Tamara McKenzie, junior; Dana Middleton, freshman; Jennifer Pettigrew, sophomore; and Susan Pokorny, freshman.

Miss Union 1994 received a \$1,250 scholarship and the chance to compete in the Miss Tennessee Pageant in June.

David Pyron from Jackson, Carol Dickerson from Union City, Al Paschall from Humboldt, Sharon Lee from Dyer, and Mary Ann Lindsay from Brownsville judged the pageant.

The pageant consisted of four competitions: interview 30 percent, talent 40 percent, swimsuit 15 percent and evening gown 15 percent.

The Mistress of Ceremonies was Carrie Folks, Miss Tennessee 1989.

# Campus Favorites

Students

Favoring

Higher

Qualities

Campus favorites hold a certain prestige at Union; what an honor to be selected a favorite among your peers. The Student Government Association conducts a chapel service where nominations are taken for these spotlights. The ballot consists of 60 names, 20 people from each of the sophomore, junior, and senior classes. From this ballot, the student body can select 20 people as their campus favorites. This year three people tied raising the total of campus favorites in 1993 - 94 to 23.

Standards  
in Life

**m**r. and Miss Union is a privileged position few are chosen to hold. Nominations for this honor are taken during a designated SGA chapel. The student body is then allowed to vote on the nominees. This year the student body favored Cindy White and Lance Porter.

**Cindy White**, a senior from Memphis, Tennessee, is a marketing/management major. As a business major, Cindy is a member of Phi Beta Lambda. She is also a member of the Chi Omega social sorority. Cindy has been very active in Chi

Omega by serving as treasurer and historian. She has also been a member of GAP (Greek Activities Panel) where she represented her sorority. Cindy served as class president her junior year. She has been elected a campus favorite for 3 years and she has served on the Homecoming Court for 2 years. Outside of Union, her interest is volunteering at the Carl Perkins Child Abuse Center. After graduation, Cindy plans on pursuing job offers in Orlando.

**Lance Porter**, a senior from Jackson, Tennessee, is a physical education/history double major.

Lance is a member of Sigma Delta where he serves as chaplain. He is also a member of the Sigma Alpha Epsilon social fraternity. Lance has been very active in SAE by serving as president, warden and rush chairman to name a few offices. He has also been a member of GAP and SGA. Lance has been elected a campus favorite for 2 years. Outside of Union, his interests are sports, church, and family. Lance has been involved with Teenlife for 7 years. After graduation, Lance wants to pursue a masters in administration and become a school principal.

## Union Goes Country!

You've  
Been Too  
Gone For  
Too Long!

Union started off the Homecoming hoe-down with a bonfire on Wednesday night. Many students ambled down to get some hot chocolate, a few brownies and maybe a hot dog or two. Q-102 blasted a few tunes to keep the spirits high and the atmosphere sweet. Union memorabilia was given away to a few lucky students during the festivities.

An Alumni Homecoming Chapel helped the students to think about how much Union would change in the years to come.

The Art Gallery had some

country paintings to help set the country mood.

Many performers "showed off" at the "Showdown At Sundown" talent show. Talented individuals and groups filled the stage and made the night come to life.

Following the show everyone was invited to the lobby to a mixer. Then it was off to the movies for a late night movin' picture show. This could have made it hard for some to get up the next morning, but a complimentary brunch and photo rodeo kept alumni busy. A luncheon featuring West Tennessee Barbecue made mouths water.

Saturday was filled with fun and excitement as the Lady Bulldogs played Blue Mountain College and the Bulldogs played Trevecca Nazarene.

Cafe Espresso Bongo II got rave reviews for its variety and fun. It was great hip not drip entertainment for everyone.

Homecoming proved to be a great success with many alumni returning to see the new improvements and additions. Homecoming '94 will not be forgotten.

# All Sing 1994

## Promoting the Art of Music

g groups of all sizes prepared for All Sing 1994 far in advance. Many sororities and fraternities created costumes, choreographed steps and rehearsed songs in the fall of '93.

There was a variety of musical styles presented with each group having its own musical flavor.

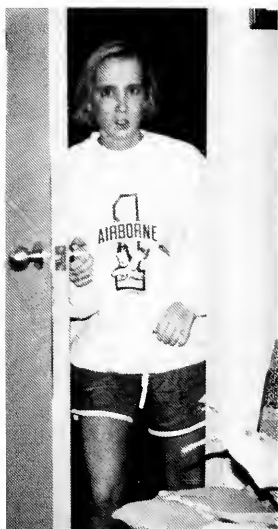

Phi Mu Alpha Sinfonia, a music fraternity, sponsored the night with the purpose of promoting the art of music at Union.

# Union Constructs for the Future

New Buildings  
and Additions  
Improve Campus  
Prestige

Just in case you haven't noticed, Union is growing! Of course the obvious signs of growth consist of new buildings and additions being made to old buildings. But Union's growth moves in many different directions. For example, there is a new library system, new clubs on campus and new scholarships available.

The one million dollar entrance located on Country Club has added to our beautiful campus and dazzles all that drive by. To equally match its pizzazz, the four million dollar Stu-

dent Union Building is also a spectacular addition. Located in the Student Building will be the cafeteria, snack bar, bookstore, post office, game room, two lounge areas, spacious meeting rooms, and numerous offices which include Student Affairs, BSU Administration and the Dean of Students Office. The total area of the Student Union Building is 51,915 square feet. In order to have this luxury for students, the maintenance building relocated across the street. The students are excited about their new building and the mainte-

nance men are excited about theirs!

The new dorms are another building project Union University has been working on. These comfortable clean rooms still have the smell of fresh paint. Many students are excited about being the first to live in the new dorms and getting to break in the new furniture. What a great memory! A new home, new roommates and new classes to begin a new year.

# New Additions

Union adds F.I.T.,  
S.I.F.E. and the  
Karate Club to the  
list of organizations  
for the coming years

t

here are three new organizations on Union's campus that are ready to serve you. These consist of F.I.T. (Facilitators in Training), The Karate Club and S.I.F.E. (Students In Free Enterprise). F.I.T. serves the psychology department. The Karate Club is part of the physical education department. Union also constructed two new labs, a nursing lab and a mini-Mac lab.

Greg Johnson diligently works in the computer lab addition.

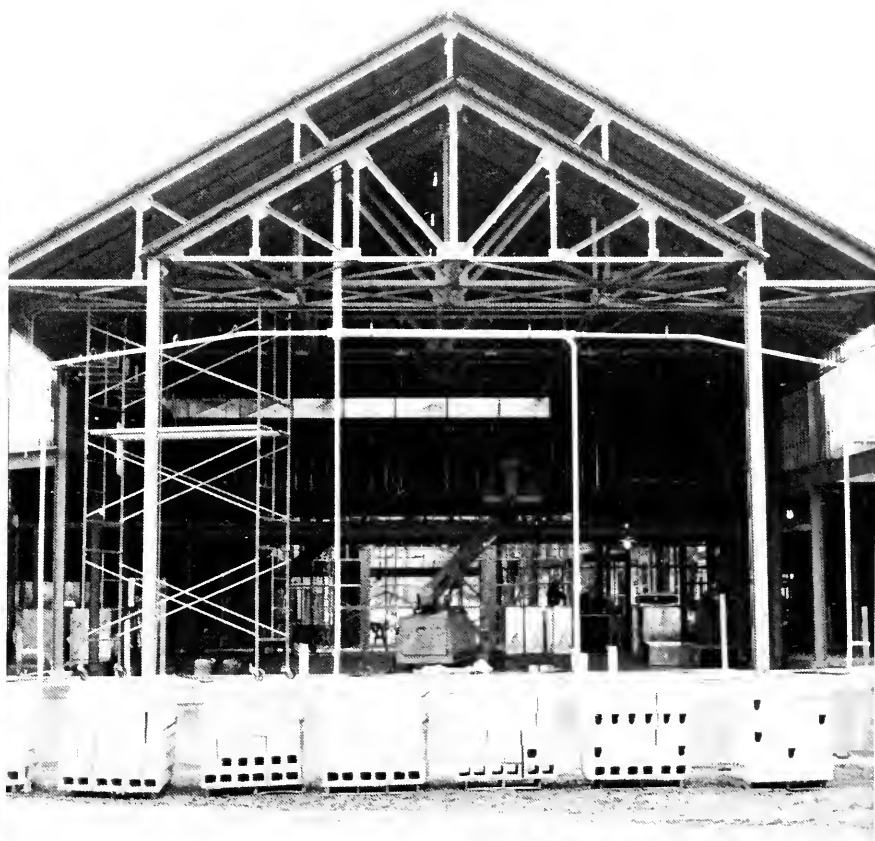

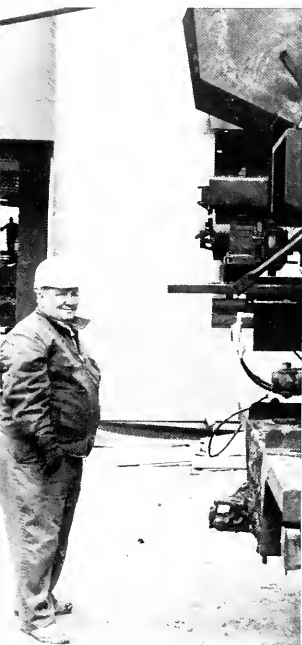

Misha James is overwhelmed by the cozy new MacLab.

"It should be a sin to have orange and green plaid chairs against fuchsia walls," Russ Moore explains.

Students eagerly await the opening of the Student Union Building in May 1994.

"What does this machine do anyway?"

Progress on the Student Union Building becomes more evident each day.

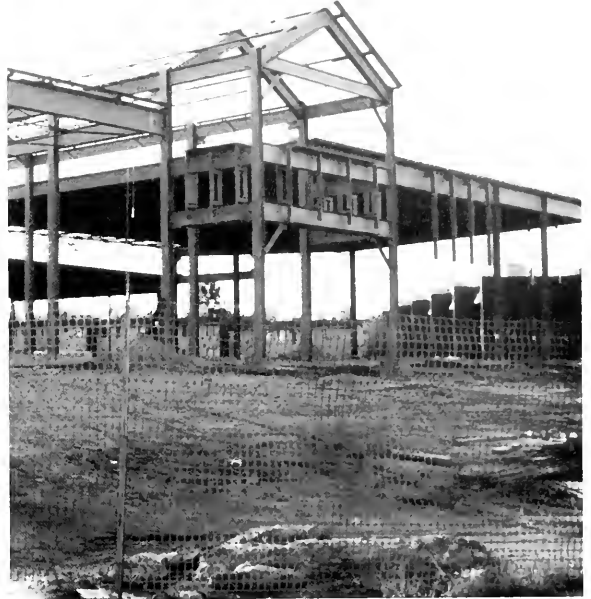

Construction workers reach higher ground with some assistance from below.

Here lies the Student Union Building in its beginning.

## Building Upward

No matter how big  
Union grows, the  
students will not be  
forgotten.

Union is proud of the improvements the campus has made by enhancing the living and learning environments that are so important to students. Union continues to meet the needs of the student body as a whole and the needs of the individual student. Between the hammering of construction and the fuschia painted hall walls, it is comforting to know that at Union you are more than just a number.

O.K. I think you cross the two white wires -  
No wait, you cross the black...

# Changing Times for a Changing World

Generations  
Altered By  
1993 Events

Times have changed since the world was safe to play in its backyard. The year 1993, has been one year of dramatic transformation.

America trembled with fear when terrorists bombed the World Trade Center and planned to destroy the United Nations Building and the Lincoln Tunnel. Russia, a United Nations' super power, was subjected to a governmental upheaval when the old-line Communists opposed Yeltsin's plan for a free market economy. Mogadishu, Somalia captured

the world's attention when an American soldier was dragged through the streets. Somalia was also the site of fighting adults and starving children that everyone mourned.

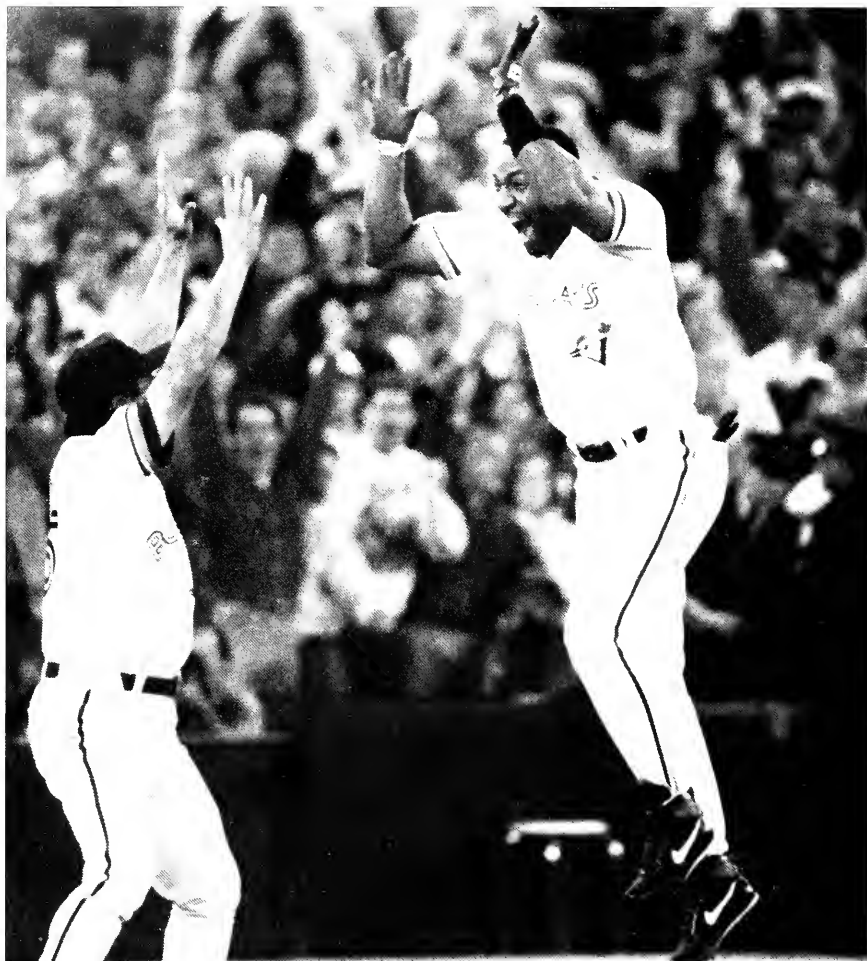

Although turmoil dominated the year, peace could be found. The world witnessed an unthinkable gesture when Arab Yasser Arafat and Jew Yitzhak Rabin shook hands in peace. While they made history, Israel and the PLO (Palestine Liberation Organization) signed a treaty to recognize each other.

From International affairs to national affairs, many generations have been altered by the events that have occurred during 1993. President

Clinton and Vice President Gore drafted a plan to reform the federal government by the turn of the century. First Lady Hillary Clinton proposed to improve America's health care policy through new Medicare coverage for prescription drugs. Liberation heard its call as Ruth Bader Ginsburg became the second woman to sit on the United States Supreme Court and the 107th Supreme Court Justice. These and many other issues have changed world views of today.

October 1993 - the Toronto Blue Jays won their second World Series Championship title in a row

September 18, 1993 - Kimberly Clarice Aiken, Miss South Carolina, was crowned the 1994 Miss America

September 29, 1993 - "Seinfeld" took home three trophies at the 1993 Emmy Awards

September 22, 1993 - Saraland, Alabama, an Amtrak train derails off a bridge into an alligator-filled bayou

# A Year of Surprises

## Events Change the Face of the Nation

October 6, 1993 - Basketball lost a great player. Michael Jordan, to early retirement.

**t**riumph and devastation filled the year with surprises. From the Great Flood in the summer to the World Series in the fall, 1993 has been an eventful year. The game of basketball will never be the same after Michael "Air" Jordan's early retirement. "Seinfeld" has become a member of the Old Boys Club. The Pope cried out against abortion and euthanasia calling America the "culture of death." Even though many things changed, some things remained the same. The Toronto Blue Jays won the World Series again and the nation tuned in for the Miss America pageant.

August 1993 - Pope John Paul II was the focus of World Youth Day held in Denver, Colorado.

July 1993 - The Great Flood left many homeless and captured the nation's attention.

## Ministry Teams

An integral part of Union's Christian outreach is ministry teams. Vision Clowns provides students with the opportunity to serve God by putting on makeup and performing humorous skits. Vision Clowns welcomes anyone who likes to "clown" around.

Sonshine Puppets is open to anyone who wants to use the magic of puppets to tell the love of Jesus. They use their puppet mastery to reach out to others.

Hands for Jesus uses beautiful sign language to glorify their namesake. Their flowing hands show the grace of God's love.

These ministry teams travel to different churches to show Christ's love to many different kinds of people.

Witness: L to R - first row - Alison Grigg, Christy Marbury, Wendy Taliaferro, Jenni Fuller - second row - Natalie Womack, Lisa Hoffman, Beth McGregor, Jonathan Brasfield, Kris Conn, Shawn Gierling, Eric Mann, Chris Allen, Dwayne Cloar

## Ministry Teams

Union also has other ministry teams that use God-given talents to praise Him and reach out to others. Witness expresses its love for Christ through song. Students who pass auditions can "sing to the Lord" and have fun as well. Witness travels to churches to help lead them in worship.

Impact expresses Christian messages through acting in skits and plays. This audition group invites anyone who has an interest in using acting talents to glorify the Lord. Impact also travels to different churches and leads in a different kind of worship.

All of Union's ministry teams work very hard to use their talents in order to convey the message of their Lord Jesus Christ.

Beth, Jonathan, and Natalie blend their voices in three part harmony.

Dwayne and Wendy sing praises to God at Campus Day.

of a small university is the opportunity to work with other groups on campus. While each group has its own unique purpose, there are common bonds such as friendship, service, and commitment.

This year the Black Christian Fellowship and the Baptist Young Women joined together for a common cause. The two groups spent a Saturday washing cars to raise money for missions. Together they raised \$120 to help Union reach its mission goal of \$48,500.

# Organized to Serve and Unite

Union gives students many opportunities to meet and serve according to their interests and needs. For those who are athletically inclined the Fellowship of Christian Athletes offers Bible studies and other chances for growth.

The Ministerial Association gives support and a common bond to those who feel God's call into the ministry. Similarly, YEMMA unites those who wish to work in a church in the areas of youth, education and music.

The Student Ministries Counsel, formerly called BSU, unites all students in campus ministries and worship.

Finally, the missions committee is responsible for planning fundraisers to raise money for our missions goal of \$48,500.

Dr. Paul Jackson wants to help guide students at that crucial time when they are developing their world views and ideas about life.

Bill wants to encourage students to minister regardless of the field they go into.

# Bright New Faces Dedicated to Serving Students

Randy and Cindy Poole wish to share their experience and love for others with the students at Union. They want students to see the all-encompassing love of Christ.

Union has been blessed by having some young, new faces on campus to help lead the way in our education and spiritual growth.

Bill Kisner is the new campus minister. He directs and oversees student ministries. As students will tell you, Bill is loved by many people on this campus.

Dr. Paul Jackson is our new religion professor. Many students have already expressed their enthusiasm for this young and energetic teacher.

Randy and Cindy Poole, our missionaries in residence, have gained great acceptance because of their kind faces and outgoing spirits. Coming from Honduras, they have an eager message about Christ to share with anyone who will listen.

# Organizations

# New Heights I'm Gaining Everyday

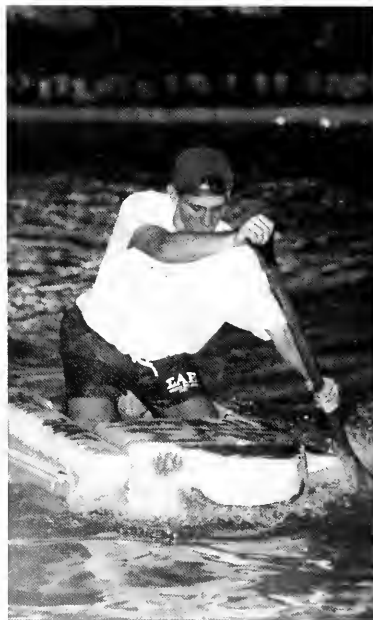

# Leading the Way

"Students today and leaders tomorrow" is the belief held by Union's student government and leadership organizations. The Student Government Association and the Student Senate have the responsibility of representing the entire student body in important decisions concerning everything from planning campus activities to policy affairs at Union.

The Prexy Club consists of student leaders who have been elected to top leadership positions in their respective organizations.

The Student Foundation is a large group of students who volunteer their time to share their Union experience with prospective students and guests who come to visit Union University and tour the campus.

Rob Allen not only helps organize campus events, but he also participates.

Student Foundation members are always ready to answer questions about Union.

A model student and Prexy Club member? Yes, Blake Neely is proud of his abilities and demonstrates some of them in the Mr. Campus competition.

Although they have many responsibilities these guys always have time for a little fun.

Robin Latham is happy to devote a her time to the Student Foundation.

# Academic Excellence

Union prides itself in the quality of its students. Although Union has some of the brightest students in the world, each student is somehow challenged in the classroom. The finest students who meet these challenges are invited to join honorary academic fraternities.

Alpha Chi recognizes its members for their academic excellence and personal character. The Honor Student Association stresses the impor-

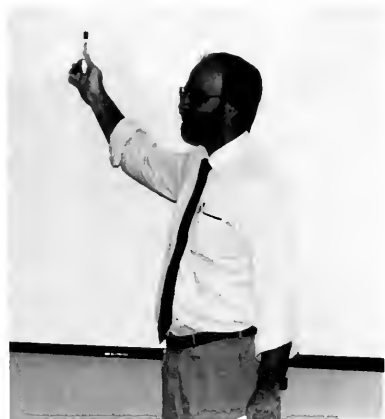

ance of interdisciplinary studies in the liberal arts curriculum.

Kappa Mu Epsilon promotes academic leadership among its members who enjoy the challenge of mathematics. Sigma Zeta encourages fellowship among the top students achieving merit in the biology, chemistry, and physical science programs at Union.

# Preparing for Future Careers

The Computer Club is composed of students who are interested in today's world of computers. It promotes an increased knowledge of the science and design of modern computing machinery.

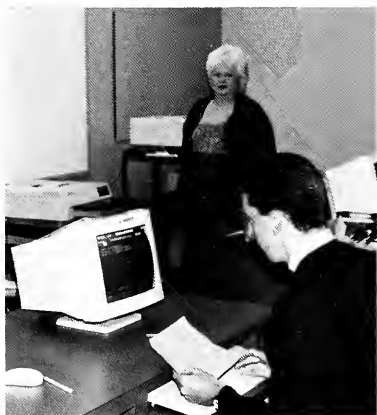

The Accounting Club promotes interest in the field of accounting. Membership is open to majors and minors in the discipline. The club often has business leaders come to their monthly meetings and share their knowledge and expertise in the field.

Phi Beta Lambda is a national business fraternity, membership is open to those who are interested in a career in business and who have a GPA of 2.0 or higher. The goals of this organization are to promote the free enterprise system and to create a better understanding of the business world.

The Students of Tennessee Education Association is composed of students who are preparing to teach. It acquaints future teachers with the history and ethics of the teaching profession.

Amy Newman and Charity Crossnoe use their business skills to help organize a cruise to the Bahamas.

Oliver Dossman is the man to ask if you want to know anything and everything about computers.

Mark Chumbler uses his computer skills to register students for next semester classes.

Although Jenny King is involved in many organizations, she always finds time to get everything done.

Bill Hedsbeth enjoys teaching others how to teach.

# Keeping Physically Fit

With all the talk about health care and healthy life styles more people are beginning to take an active role in pursuing health and happiness.

Although everyone would like to remain healthy indefinitely, health care is sometimes needed. The nursing profession is a major part of health care, and Union University is proud to have an outstanding nursing department.

The Student Nurse Association, SNA, is an organization for students preparing for a career in nursing.

The P.E. Club offers many opportunities for those interested in athletics or just interested in personal fitness. This club gives students a way to add variety to their exercise and to their lives.

Scott Roth is often seen in the library preparing for difficult exams.

"No problem." Donating blood is easy.

Dean Brown has to keep physically fit to keep up with this football player.

# A Voice in Government

Several organizations at Union serve to promote civic involvement and an appreciation for history. College Republicans is composed of students who are interested in learning the role of political parties in the political process. Members share the Republican beliefs and develop political and leadership skills in preparation for future public service.

The Andrew T. Taylor Pre-Legal Society is composed of prelaw students who are interested in instructive programs presented by lawyers and

judges practicing in the Jackson area.

Phi Alpha Theta is an international honor society in history. Membership is only open to those who meet specific academic qualifications. Union's chapter, established in 1953, was the first in the state.

The Rutledge Honorary History Club was founded in 1929 to stimulate the study of history. Membership is open to those completing three semesters of history with a 2.5 GPA.

# Expanding the English Language

There are many organizations on campus which recognize students for their achievements in certain areas. Sigma Tau Delta is one of these organizations. It is a national English honor society that recognizes students that excel in either

English language or literature. The Theta Omicron chapter gives invitations to qualifying juniors and seniors. The organization sponsors such things as reading of English Seminar Papers and Shakespeare class presentations.

# Learning to Interact

Knowing how to relate to people is a very important part of everyday life. Several organizations work to promote interaction among members in a wide variety of ways. These organizations give members an edge on success.

FIT is a social work club which attracts students who are involved in Union's popular social work program.

Chirs Koffman and Andy White help pass out balloons to support his organization.

Angela Clyatt takes time out to review what she's learned about free enterprise.

The PR Society is "in the business" of teaching its members the importance of understanding how strong public relations bring both tangible and intangible profits to any organization.

A new organization on campus is SIFE, Students in Free Enterprise. This organization encourages its members to pursue future careers and be supportive of small businesses.

It's not hard to find students just sitting around interacting.

Tamabe Jonakin practices the art of public relations through communication.

I don't think the strings are supposed to be in knots.

They appreciated the chance to play intramural flag football.

If I had not been so active in organizations I could have graduated in five years!

between meetings or when there is nothing to do.

Jennifer Douglass and Matt Adrian concentrate on an important project.

You know if we work together we might get something accomplished.

# Pass the Word

Whether communicating through written words, speech, pictures, or signs, several organizations at Union promote the art of communication.

Union's newspaper, the Cardinal & Cream, keeps everyone informed about important issues both on and off campus. By publishing letters written to the editor, the Cardinal & Cream gives students a way to express their opinions.

Making sure its not forgotten, the Lest We Forget staff works hard to capture the excitement of

college life. Everyone that has worked on the yearbook knows its hard work, but they also know its wonderful to see the finished product.

The Torch is a publication of Union's own student writings and artwork.

The Union Broadcasting Society keeps the community informed about special campus events, ball games, and other activities by both radio and TV broadcasts.

Tim Ellsworth works hard to finish the layout.

Team work is the best way to get the job done.

You're working in the closet? What Dedication.

Its not often that the photographer gets to show off her smile.

Kevin Trowbridge enjoys his work.

# The Creative Edge

Several organizations at Union serve to promote the creativity of students.

The Art Union provides broad opportunities for creative expression of both conceptual and perceptual types within the context of the Christian community. The Art Union is open to art majors and minors as well as other students who are interested in the study of visual arts.

For those students interested in other art forms,

Alpha Psi Omega is an honorary dramatic fraternity. Membership is based on interest and attainment in this area.

The Improv Club is an organization open to those who have shown talent in the area of impromptu performing. The club serves to develop the talents of its members and use this talent to reach others in the church and school community.

---

Terr Feigel did an excellent job in the Union University Players' version of the Arthur Miller play, "All My Sons."

Ellen McCrosky and J. Noble enjoy acting off stage as well as on stage.

Cammy Vos can often be seen working hard on art projects.

Russ Pfisterer and Christina Hobbs gave a dramatic performance in the play, "All My Sons."

"Nice Work." Michael Patterson is one of several gifted art students at Union University.

# Music to Our Ears

It is said that music makes the world go round. Although this is scientifically incorrect, music does make the trip more pleasant. With more than its fair share of musically gifted students, Union offers several organizations which help to cultivate their talents.

The Union University Singers and Proclamation represent Union in various community set-

tings. They provide entertainment for the Miss Union Pageant, Chapel Services, and various other University functions.

Phi Mu Alpha Sinfonia is an honorary fraternity for those who have both the interest and qualifications for admission. With their talents, members of this group are a true asset to the university.

# The Sounds of Union

From handbells to bands, the sounds of Union come in many tones. Union is continually blessed by people with a variety of musical talents.

The Symphonic Band is a group of musicians who perform a spring concert annually. They also participate in special musical events.

The Stage Band is a group of faithful Union

Bulldog supporters. Performing at home games, they keep the audience cheering.

Handbells give a nice "ring" to the Christmas season. This group spends many hours perfecting its performing rhythm.

# A Better Campus Life

Making the transition from life at home to life on a college campus is sometimes difficult. Thanks to the Dorm Councils and the Resident Life Board, this transition is made a little easier. Together these groups have a tremendous impact on campus life, but they also make residency at Union a democratic experience. Suggestion boxes placed in the commons are the student's link to these

groups. The Dorm Councils collect money at the beginning of the year to fund various activities. Holding a position in these organizations means planning open dorms throughout the year, providing food for students during stressful exam weeks and taking care of various tasks concerning campus life. At the end of each year residents have the opportunity to seek election to these positions.

# Stress Relievers

Students are meant to study, but from time to time everyone needs a break. When students need a break from the stress of daily college life, there are several organizations on campus which provide opportunities for students to enjoy many exciting events.

The first stressful situation most students encounter is being a freshman in a new school. The purpose of FOCUS is to help eliminate the anxieties and fears of freshmen by showing them around, acquainting them with other students, answering questions, and helping to make them feel more comfortable.

After students have been on campus a while they often find another source of stress, academ-

ics. The Campus Activities Team and the Student Activities Council are two organizations that plan various activities for students throughout the year. Some of these activities include: movie nights, trips to ballgames, and short vacations to various points of interest.

For those students who enjoy getting away from it all, the Outdoor Club (not pictured) provides adventures to caves, woods, and horseback riding trails.

# Greeks Together

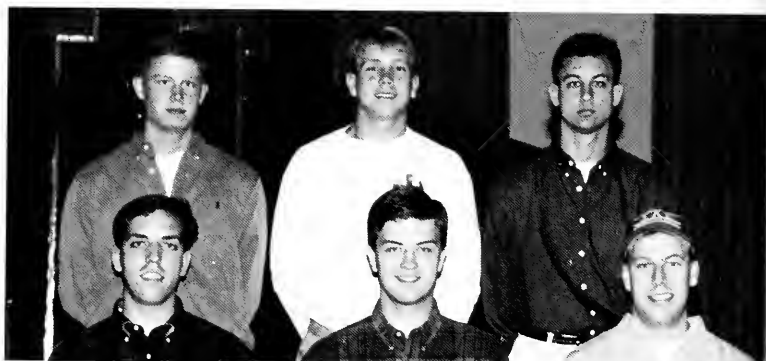

The six Greek social fraternities and sororities at Union not only enhance a student's life but are also a source of friendships and experiences that last a lifetime. The memories made through these organizations go well beyond the walls of Union. The Panhellenic Council, Interfraternity

Council, and Greek Activities Panel are responsible for the coordination of activities of interest to the entire Greek community. Each organization has equal representation in these groups which ensures fairness and promotes unity.

# Chi Omega

Chi Omega is built on an impressive history and tradition. Upsilon Chapter has its own tradition of scholarly excellence. This chapter is proud to say that they have won the scholarship trophy for 46 consecutive years. Chi Omega's excellence also goes beyond scholarship. They were presented the Achievement Award at the 1993 Firesides, a national convention, this past

summer. This is a national award that is based on a number of criteria ranging from campus achievement to upholding the morale of the chapter. Something else Chi Omega is proud of is their great sisterhood and the opportunity to gain everlasting friendships, because membership in Chi Omega is for a lifetime.

# Kappa Delta

Kappa Delta was founded on Christian principles and high ideals. More importantly, the ladies of the Zeta Beta chapter strive to keep God first in their sisterhood. They share a common bond as sisters in Christ first, then as friends, and finally as sisters through KD.

KD's at Union conduct their annual "Shamrock Project" to raise money for the support of several child abuse prevention organizations.

including Jackson's Carl Perkins Center. In addition, the chapter sponsors an abused child each Christmas. Members enjoy creating new traditions of their own. Some of these include: KD Kidnap, String-Along, and the Emerald Ball.

As reflected in their creed, the ladies of Kappa Delta gain encouragement and support from their circle of sisters to love and grow to understand those without their circle.

# Zeta Tau Alpha

The ladies of the Beta Omega Chapter of Zeta Tau Alpha share a rich heritage with sisters all across the U.S. and Canada. Founded in 1898, Zeta Tau Alpha is the only international fraternity for women. The Beta Omegas take pride in their chapter and strive to uphold their open motto: Seek The Noblest. Every Zeta is expected to uphold the highest standards academically, socially, and spiritually.

Zetas play an active role at Union with members involved in various clubs and leadership roles, but they still find time for several social events. The fall hayride, the spring formal, and "Madness" are a few of the events the Zetas enjoy. Zetas share a special bond of sisterhood and are proud to be an active group on Union's campus for almost sixty years.

# Alpha Tau Omega

Alpha Tau Omega Fraternity was founded on September 11, 1865. The purpose of its founding was to draw a strong bond between the men of the North and South at the conclusion of the Civil War. Alpha Tau Omega, the first fraternity to be organized as both a national and international fraternity, was founded on Christian principles and continues to place Jesus Christ and His teachings at its center.

Within Alpha Tau Omega there are opportunities for self expression, leadership training, brotherhood, and a genuine recognition of accomplishments. Alpha Tau Omega prides itself in being a fraternity that helps young men get the most out of college life while preparing them for the responsibilities of tomorrow.

# Lambda Chi Alpha

From its founding in 1909, Lambda Chi Alpha has grown into one of the largest fraternities with almost 300 chapters internationally. The Lambda-Zeta chapter of Lambda Chi Alpha was established in 1964 and has since grown into one of the strongest fraternities nationwide. Lambda Chi Alpha's success is based on the fact that they

have not forgotten the foundational element of BROTHERHOOD. Through such service projects as Raiders For the Needy, Adopt-a-Highway, Habitat For Humanity, and the West Tennessee Blood Drive, the men of Lambda Chi Alpha have formed a strong bond of brotherhood that has earned the respect of those on campus and in the community.

# Sigma Alpha Epsilon

Sigma Alpha Epsilon has a long standing tradition of excellence at Union University. Established, March 9, 1856, the Fraternity was founded on basic Christian beliefs and principles shown in their creed, "The True Gentleman." Characteristics such as leadership, hardwork, and diversity make their brotherhood

strong and unique. These qualities are demonstrated through their extensive involvement in Campus Day, intramurals, BSU, SGA, the Special Olympics, and the Carl Perkins Child Abuse Telethon. It is their belief that if you strive to be the best, you will not only help yourself, but also the lives of those around you.

# Basketball

The Lady Bulldogs entered the 1993-94 basketball season with high expectations. After finishing second in the nation last year, the Lady Bulldogs wanted nothing less than a national title.

Coach David Blackstock lost three starters from last season, but returned a number of talented, experienced women, in addition to five strong freshmen.

Jennifer Gurley and Clarissa Jones provided senior leadership on

the court, while Senior Christie Moore, who was sidelined with an injury, offered support from the bench.

Juniors Jill Crofts and Latisha Beamus played large roles for the squad, while sophomores Anna Richardson and Kendra Burlew and freshmen Michelle Street, Laura DeFew, Kelly Hayes, Marquette Hunt, and Kasi Knott also contributed in big ways to one of the nation's top NAIA teams.

## Basketball

The Union Bulldogs and Coach Rick McCormick, despite the loss of All-American Rico McClean, put together a competitive team that surprised many fans.

All-American Warren Olden, who surpassed the 2,000-point mark for his Union career, anchored the Bulldog squad.

Senior three-pointace Clay Gray, co-captain of the team with Olden, and Keiron Mitchelhill, a freshman from Australia, combined to estab-

lish a potent offense from outside.

Marlon Shadd, a transfer from Kansas State University, took the team's reins as point guard, while senior Horace Scruggs also joined the starting lineup and gave Union some much needed rebounding help.

Mike Davis, Derek Davenport, and Drew Powers, who joined the team after the first semester, each gave the Bulldogs a number of quality minutes off the bench.

# Baseball

The Union baseball squad took to the diamond this season with a trip to the national tournament as its primary goal.

Coach Andy Rushing and the Bulldogs returned two All-Conference players in Jamie Giannini and Craig Murley, as well as a number of

pitchers who made the Bulldog rotation a strong one.

Pitchers Brent Fronabarger, Brian Bramlett, and Murley returned from last season, while Art Waldrep and Tommy Cepparulo joined the pitching staff for the first time.

# Golf

The Union golf team returned four experienced players in Keith Dory, Jason Martin, Steve Stafford and Sam Kern, and added talented freshman Shane Fraley to form the team favored to win District 24 play.

In the fall pre-season, Union won first place in the Nashboro/Bison Collegiate Golf Tournament in Nashville.

The Union golfers also won second place honors in the Division II

flight of the Volvo Tri-State Classic at Pickwick State Park.

The squad also finished in eighth place in a tournament in Mobile, Ala., and grabbed third place honors in play at Louisiana Tech University.

By the end of the fall, Union was ranked seventh in the nation among NAIA schools, and Coach Don Morris had high hopes for the spring season, including a trip to the national tournament in Tulsa, Okla.

# Tennis

The tennis programs at Union are on the rise, as both the men's and women's teams had squads that competed with the best in the district.

The men's team returned three starters from last year in Eric Gottschalk, Mark James and Wayne Young. Coach Brice Bishop strengthened his team by adding Kevin Foxworth, Eric Mann, Derek Drake, Nathan Willingham and Paul Ray Maxwell to the ranks.

Leigh Hargis, Jennifer Whitwell, Cassie Ensley and Renee Hollingsworth returned to anchor the women's team.

Coach Sandra Williams also brought in Neva Quintero, Silvia Martens, Shay McMakin, Charlotte Bond and Andrea Kea to round out the women's squad.

## Union Spirit

The Union Cheerleaders attended a camp sponsored by the United Cheerleading Association at the University of Mississippi. They put a number of ideas they had learned into practice at the men's and women's basketball games.

Buster the Bulldog, the alter-ego of Bubba Holsinger, was also in rare form this season as he brought the house down on a number of occasions with his hilarious antics.

Together, the cheerleaders and Buster were very successful in raising the spirits of Union fans and cheering the Bulldogs to victory.

Whether its flag football, volleyball, basketball, softball, or anything in between, intramural athletics give students a chance to participate in a number of different sports.

Under the direction of Mike Edwards, turnout for intramurals this season was one of the highest ever.

ot cloudless days;  
Not rose-strewn ways;  
Not care-free years,  
Devoids of sorrow's tears—

But strength to bear  
Your load of human care,  
And grace to live alright  
And keep your raiment white,  
And love to see you through;  
That is God's pledge to you.

a

s you go through life...

This world will never adjust itself to suit your whims to the letter; some things must go wrong your whole life long.

And the sooner you know it the better. It is folly to fight with the Infinite. And go under at last in the wrestle, the wiser man shapes into God's plan as water shapes into a vessel.

## Freshmen Class Officers

b

efore all else, we seek, upon our common labor as a nation, the favor of almighty God. And the hopes in our hearts fashion the deepest prayers of our people.

May we pursue the right—without self righteousness.

May we know unity—without conformity.

May we grow in strength—without pride of self.

May we, in our dealings with all people of the earth, speak the truth and serve justice.

May the light of freedom, coming to all darkened lands, flame brightly—until at last the darkness is no more.

May the turbulence of our age yield to a true time of peace, when men and nations shall share a life that honors the dignity of earth, the brotherhood of all.

What do you want to be  
when you grow up?

Fisherman Carpenter

What is your nickname?

Bubblegum

What is your goal in life?

Serve God on Mission Field.

Gave life to Jesus 8-24-86.

Charlie,

Son, you are a Gift of God.

Proverbs 16:9 The mind of a man plans his way  
But the Lord directs his steps.

Proverbs 16:3 Commit your works to the Lord and  
your plans will be established.

Mark 10:29-31 So Jesus answered and said "Assuredly, I say  
to you, there is no one who has left house or brothers or sisters or  
father or mother or wife or children or land, for my sake and the  
gospel's who shall not receive a hundredfold now in this time-houses  
and brothers and sisters and mothers and children and lands with  
persecutions-and in the age to come, Eternal Life. But many who are  
first will be last & the last first.

Jen:

I'm proud of the way you've grown  
up. I admit I still worry at times be-  
cause the world has changed a lot since  
you were born. Many of the choices  
you've had to make have been more  
difficult than those I faced when I was  
your age. I haven't always agreed with  
your decisions, but I hope that you  
know that I respect your courage and  
independence in making them. You're  
doing all you can to be the person you  
want to be, and I admire that ... And  
remember -- no matter what life brings,  
you will always be my daughter, and I  
will always love you.

Andy, congratulations on your graduation. We are very proud of you and celebrate this milestone in your life. Not only are we pleased with your academic achievements, but also with the personal qualities that you have demonstrated and that have been your mainstay:

- Your warm gentle nature,
- Your boundless enthusiasm,
- Your bright spirit.

Even more, we thank God for his blessings on your life and trust that you will always remember that He is the Ultimate source of all blessings. Seek Him first, and continue life with your caring ways.

# 1994 Lest We Forget Onto Higher Ground

Finally the 1994 yearbook is done. The Lest We Forget staff worked long and hard to finish the book. I would like to thank Dr. Kina Mallard for her encouragement and support. I would also like to thank Johnny Cole, Walsworth Publishing Company representative, for a wonderful job keeping us going.

The theme was designed to give us the desire to reach for, strive for and attain our goals. We all have different types of goals, but we should have the one common goal of reaching God's "Higher Ground."

There are so many special events that happen at Union it would be almost impossible to get them all in one yearbook, but we tried. I hope that this book will bring many fond memories for years to come and that you will always strive to reach your greatest potential.
